**FENDT KATANA.**

**Equipment variants and technical details.**

**Engine**
- **Fuel consumption measurement**
- **Cruise control and maximum load control**
- **AdBlue tank litres**
- **Standard fan**
- **Tank capacity configuration**
- **Metal detector**
- **Hydrostatic drive**
- **Road speed (max. at 1,420 rpm) km/h**
- **Cutterhead**
- **Diameter**
- **Width**
- **Wheelbase mm**
- **Max. permissible overall weight kg**
- **Overall length without header mm**
- **Overall length with headers mm**
- **Max. overall height mm**
- **Ground clearance with max. tyres mm**

**Additional equipment**
- **Warning device up to vehicle width 3.30m**
- **Warning device for discharge chute camera**
- **Supervised cutting systems and ready for automatic steering systems**
- **Guidance system steering key**
- **Guidance VarioGuide Controller G4**
- **Guidance VarioGuide Kit**

**Discharge chute**
- **Pitch angle Degrees**
- **Overloading height m**
- **Discharge height standard**
- **Discharge height extensions**

**Supplement**
- **Proactive guard for transport**
- **Knee rest vilex**
- **Automatic ground-hugging**
- **Drive shaft for trailer Gina pickup and Bengen 450**
- **Drive shaft for trailer Bengen 650**
- **Fendt Katana toolkit**

---

**Katana 65**

**Cutterhead**
- Multi-cutterhead continuous
- Diameter mm
- Width mm

**Katana 85**

**Cutterhead**
- Multi-cutterhead continuous
- Diameter mm
- Width mm

---

**Ground drive**
- **Hydrostatic drive**
- **MHD hydraulic**
- **Speed field**
- **Road speed (max. at 1,420 rpm) km/h**

**Feed rollers**
- **Number 6 6**
- **Hydrostatic drive**
- **Simplex cutting length adjustable from cab**
- **Distance from metal detector to cutterhead mm 620 620**

**Discharge chute**
- Open rotor with upright v-shaped elements
- Rotor diameter mm
- Rotor width

**Supplement**
- **Protective cover for transport**
- **Knee rest vilex**
- **Automatic ground-hugging**
- **Drive shaft for trailer Gina pickup and Bengen 450**
- **Drive shaft for trailer Bengen 650**
- **Fendt Katana toolkit**
